This online meeting was deemed urgent due to the recent state of affairs with USADB. The agenda was to address a few key issues that had come to our attention and needed our immediate response.

1. BPAC has favored a vote of confidence in the current executive board as they attempt to resume normal business in the midst of the controversial resignation of former commissioner Ira Hendon.
2. BPAC has agreed to write a letter on the behalf of players nationwide expressing our unanimous support of the current board. In the letter we will make known to any potential oppositions that we are united in our belief that the current board has our (the players) best interest at heart.
3. We discussed the BPAC vacancy in two regions NWADB and NEAAD. Both regions should be informed a fill in is needed.
4. BPAC have exchanged updated email addresses of all participants on the council.
5. BPAC has expressed that we need to do a better job in communicating with our regions and keeping up to date with the

latest with BPAC. Though the minutes are posted frequently, acknowledgement is needed to maintain a line of communication.

6. BPAC was notified of a meeting amongst regional presidents on October 25, 2008. The meeting was deemed secretive and basis of the meeting were only speculations. The anticipation of that meeting is expected to be adverse to the liking of USADB. BPAC will revisit this at a later time.
7. BPAC is aware of the change in location of the national tournament for 2008.

Meeting adjourned at 9:59 pm EST.
